Undergraduate Scholarship Application Directions Page 2

Deadline: September 30th

1. Michigan Rubber Group, a Subdivision of the Rubber Division, ACS requires one (1) regular mail package containing the Scholarship Application, two Nomination letters and essay to be mailed and postmarked no later than September 30th.

2. Applicants must be enrolled in a fully accredited university or college and have a major area of study in Polymer Science, Materials Engineering, Chemistry, Chemical Engineering, Mechanical Engineering, or any other technical discipline of relevance to the rubber industry.

3. This Scholarship will be awarded to an incoming college Junior or Senior with a "B" 3.0 or better academic average, and a minimum of three (3) semesters or five (5) quarters completed as shown in the official transcripts. The winner will have a serious interest in full-time professional employment in the rubber industry upon graduation and will show promise of a productive future as a technically trained professional.

4. This scholarship, with a single, non-renewable stipend of one thousand five hundred dollars (\$1,500), is applied to one academic year and is to be used toward total tuition expenses. Checks are mailed directly to the college or university.

5. Previous applicants, including previous winners, may reapply in their Senior Year for a second and final year of possible scholarship support.

6. No scholarship winner will be an immediate family member of anyone involved in the administration of the scholarship program or the selection of its winners.

7. The Scholarship winner will be introduced to attendees of the Michigan Rubber Group November Technical Meeting.

8. Identify student organizations in which you are or have been a member. Include organization, year(s) and office(s) held:

9. If you believe you have overcome significant obstacles or hardships (including, but not limited to, health problems), or if there are unusual circumstances you would like the committee to know about, you are invited to tell us about that here. This may assist in the selection process.
